- ▶ Answer the questions for each section on your worksheet.

12:00

Thursday, November 5, 2015

Hammurabi was the King of Babylong from 1792 BCE to 1750 BCE. Hammurabi wrote The Code of Hammurabi, the oldest set of laws known to exist, which was made up of 282 laws. The code was carved in stone for all to see and read.

Facts about the Code of Hammurabi

This was the first written code - people could see it. This increased people's ability to read.

The code treated women fairly.

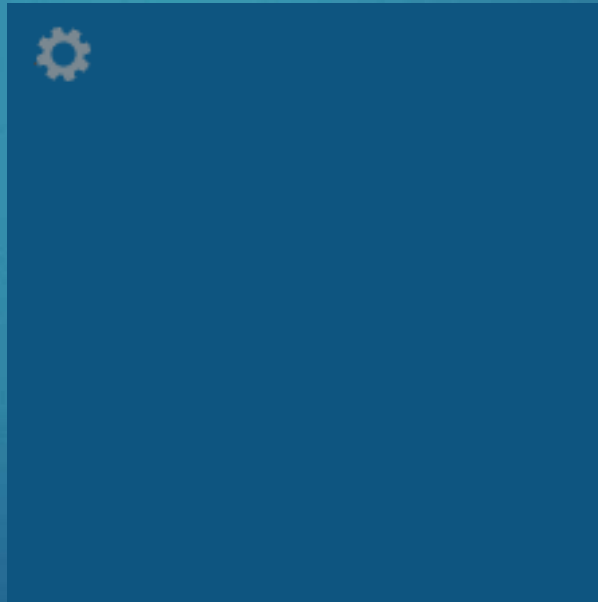

The harsh punishments made civilizations safer.

The code reinforced class structure – punishments were different for the different classes.

Based on the above information, how did Hammurabi help to transform society?

Stations

- ▶ Read all the information for each station.
- ▶ Answer the questions for each section on your worksheet.

Friday, November 6, 2015

- ▶ How did innovations such as irrigation, aqueducts, and improved farm techniques transform civilizations?
